Projects and Links

Searchule - demo | code
➢ Enables users to help organize their job search by allowing them to create a schedule for each job entry.
Built With: React, Redux, Enzyme, CSS3, React Big Calendar, Node.js, MongoDB, Passport, JWT, Express

Dead Man Walking - code
➢ A side scrolling game, built in a week with no prior knowledge of using Python
Built With: Python3, Pygame

War of The Games - demo | code
➢ Pits two randomly selected video games against each other in an effort to determine, once and for all, which game is the best. Users will receive new game recommendations based on their ranking history.
Built With: React, Redux, Enzyme, CSS3, Node.js, MongoDB, Passport, JWT, Express, Cloudinary, Recharts, IGDB api

Spaced Repetition- demo | code
➢ Focused on teaching users spanish by implementing a spaced repetition algorithm. This is achieved by using linked lists.
Built With: React, Redux, Enzyme, CSS3, Node.js, MongoDB, Passport, JWT, Express, Chartjs

Survey Funnel- demo | code
➢ User answers questions after all questions are answered the application leads them to an ad page.
➢ **Built With:** Vanilla Javascript HTML5 CSS3

Experience

Freelancer - Remote | 5.2019 - Current
➢ Delivered web development projects for clients, consistently on time.
➢ Consistently kept track of learning new technologies and maintaining existing knowledge of relevant technologies and standards.

Apprentice/Thinkful Engineering Immersion - Remote | 11.2018 - Current
➢ Consistently assumed additional responsibilities and worked extended hours to meet project deadlines.
➢ Used schematic diagrams to plan work, such as wire frames.
➢ Upheld industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
➢ Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.

Pattern Bar/Bartender - Los Angeles, CA | 10.2017 - Current
➢ Consistently gave great customer service while maintaining high personability in a stressful environment.
➢ Maintain a positive working relationship with co-workers and management.

Intern/Mobile Security Solutions - Los Angeles, CA | 07.2018 - 10.2018
➢ Collaborated in building a React Native app that used facial recognition as its key level of functionality.
➢ Ensured functionality and corrected errors prior to website launches.
➢ Reviewed existing codes on company websites and corrected malfunctioning codes.
➢ Established open and professional relationships with team members which facilitated communication, quickly resolving issues and conflicts.
